## PHOTOGRAPHY CATEGORIES

**Class 1. Natural landscape** - This includes all beaches, sunsets, sunrises, cityscapes and landscapes that may contain a building.

**Class 2. People** - This includes cute baby pics, couples, models, fashion, families etc.

**Class 3. Animals** - The family dog, working dog, cat, bird or pet lamb, they're all allowed including wild animals and those in the zoo.

**Class 4. Rural including Carcoar show** - These must evoke some essence of the rural aesthetic. Easily confused with landscapes, the rural section must just yell 'Country life' Think hay bales, stock in a field, harvesters at sunset etc.

**Class 5. Man made** - It differs from a landscape as the building/object itself is the focus, rather than the building in its place. For this think of old cars, trains, architectural shots of buildings, even some sculptural elements of human design, bridges etc.

**Class 6. Nature** - this differs from natural landscapes as it includes close up and other natural shapes that nature serves up. Think flower buds, curling fern leaves, rock pools, waterfalls, bunches of flowers etc.

**Class 7. Black and White** - Chosen from the above categories.

People can submit Black & White images into each of the classes and best overall B&W image will be chosen from them. Please ensure all images are placed in the correct category. If you're unsure contact the Steward Mark Logan 0418 223 440
